ABOUT ME

Full-stack developer with a background in electronics sales and retail management. Skilled in problem-solving, communication, and creating user-focused solutions. Passionate about building intuitive, accessible applications that solve real-world problems.

EDUCATION

CareerFoundry - Berlin, Germany

Full Stack Developer - May 2025

An intensive, project based course, with a focus on **React**, **React Native**, **Angular**, and **Cloud Computing**.

DEVELOPMENT PROJECTS

Meet App - An event planning app

CareerFoundry - October 2024

[Github Repo](#) - [Live Client](#)

- Built this app to gain experience with **React** and **Google Cloud Console**.
- Used the **Google Calendar API** to populate a list of events with various parameters.
- Deployed as a **progressive web application** so it is downloadable and works offline.

MyFlix App - A movie information app

CareerFoundry - July 2024

[API Repo](#) - [Live React Client](#) - [React Client Repo](#)
[Live Angular Client](#) - [Angular Client Repo](#)

- Developed this application to gain experience in creating a complete application, including a **database**, **server**, and **client**.
- Built two front end clients, one using **React** and **Bootstrap**, the other using **Angular**, to explore how to build applications within different frameworks.

Chat App - A chat room mobile app

CareerFoundry - October 2024

[Github Repo](#)

- Developed this application as a way to gain experience developing mobile applications with **React Native**.
- Utilized **Google Firebase** to quickly create a functional back end for the application with both data storage and authentication.

SKILLS

Database Management	React Bootstrap
Server Management	Angular
HTML/CSS	Mongo / MySQL
Javascript / Typescript	Express / Node.JS
React / React-Native	Jest

WORK EXPERIENCE

T-Mobile by Connectivity Source - Marietta, GA

Assistant Store Manager - April 2022 - Present

- **Maintain** all store operations including updating displays, managing and counting inventory, ordering supplies and writing schedules.
- **Support** a team of high-performing sales individuals with encyclopedic systems, policy, and promotional knowledge.
- **Led** the store in sales consistently before being promoted.

Target Electronics - Kennesaw, GA

Retail Sales Associate - October 2020 - April 2022

- **Maintained** organized and up-to-date product displays and pricing through various maintenance tasks.
- **Recognized** as the department's primary product knowledge expert due to in-depth study.
- **Surpassed** department sales goals by using store systems to fulfill out-of-stock customer orders, outperforming over 150 colleagues.

Sprint by Universal Wireless - Fitchburg, WI

Sales Lead - February 2019 - May 2020

- **Created** strong customer relationships to consistently exceed sales targets and ensure high customer satisfaction through effective solutions.
- **Completed** store operations to keep the store running smoothly, including cash and inventory handling.
- **Mentored** new talent, and built a team that consistently exceeded store sales and personal sales goals.
